JOB TITLE:	AUDIOLOGIST (CLINICAL)
DIVISION	EXCEPTIONAL CHILD EDUCATION
SALARY SCHEDULE/GRADE:	JOB FAMILY III
WORK YEAR:	AS NEEDED
FLSA STATUS:	EXEMPT
JOB CLASS CODE:	8128
BARGAINING UNIT:	CLAU

REVISED: 07/01/2019

Submitted: 06/11/2019

SCOPE OF RESPONSIBILITIES

Assumes responsibility for assisting the audiologist in the provision of audiological services as a related service. Provides consultation for teachers, parents, and other staff on topics related to audiology.

PERFORMANCE RESPONSIBILITIES & EVALUATION CRITERIA

- Conducts comprehension and periodic audiological assessments for each child enrolled in the hearing impaired program which are appropriate to the child's needs and status and provides appropriate parent and teacher conferences regarding assessment results
- Drives a mobile audiological unit in order to provide audiological services at schools which house hearing impaired units
- Makes impressions for earmolds and teaches earmold and hearing aid care to teachers, students, and parents
- Provides consultations regarding student's use of hearing as it relates to educational strategies and auditory training and conducts in-service workshops for teachers, parents, and other staff members on topics related to audiology
- Monitors classroom acoustics and the proper use of amplifying equipment (hearing aids and auditory trainers)
- Provides consultation to assessment personnel and local school personnel in assessment and placement of students demonstrating significant hearing impairment
- Participates in Admissions and Release Committee meetings and assists in the development of individual education programs as needed
- Completes all trainings and other compliance requirements as assigned by the designated deadline
- Performs other duties as assigned by supervisor

PHYSICAL DEMANDS

The work is primarily sedentary. The work requires the use of hands for simple grasping and fine manipulations. The work at times requires bending, squatting, climbing, reaching, with the ability to lift, carry, push or pull light weights. The work requires activities involving exposure to marked changes in temperature and humidity and driving automotive equipment.

MINIMUM QUALIFICATIONS

- Master's Degree in Audiology
- Kentucky licensure in Audiology
- Demonstrated knowledge in the area of audiological assessment
- One(1) year successful experience as an audiologist
- Effective communication skills

DESIRABLE QUALIFICATIONS

- Certificate of Clinical Competency (CCC) in audiology issued by the American Speech and Hearing Association

Prior consultative experience
Prior experience in the area of the education of hearing impaired children and/or pediatric audiology
Three(3) years successful experience as an audiologist
Experience in a diverse workplace

Footnote
This position is categorically funded and re-employment is subject to periodic review based on availability of funds and continued need for the project.
